Linea Stile Italiano

Colorificio MP ...dal 1969 emozioni e colore

Dal 1969, Colorificio MP di Rimini, ha basato la propria attività sulla ricerca e sviluppo di pitture e prodotti attenti alla qualità, consoni alle richieste del mercato, indirizzati alla bioarchitettura, al restauro conservativo degli edifici ed al design engineering innovativo. Prodotti studiati sulle esigenze specifiche del cliente, forniti tramite servizi qualificati, pensati per un abitare sano, confortevole, creativo e duraturo. Con questo obiettivo abbiamo realizzato una vasta gamma di finiture decorative per soluzioni di arredo di interni, pitture minerali alla calce e ai silicati, pitture e protettivi ai silani/silossani, sistemi di isolamento termo-acustico degli edifici (ETICS), intonaci e malte per il risanamento e

Since 1969, Colorificio MP, has based its activity on the research and development of paints and products focused on quality, in accordance with the market demand, targeted to bio-architecture and building restoration, with an innovative design engineering, tailor-made to address the specific needs of each and every customer and provided through qualified services, thought for a creative, sustainable, comfortable and healthy living. To achieve this objective we created a wide range of luxury decorative interior finishes, lime and silicate based mineral paints, silane/siloxane based protective coatings and paints, exterior thermal insulation

Depuis sa fondation en 1969, l'entreprise Colorificio MP s'est spécialisée dans la recherche, le développement et la production de peintures et de produits de qualité, qui peuvent satisfaire la demande du marché, avec une attention particulière pour les secteurs de l'architecture écologique, de la restauration et sauvegarde de bâtiments, de la conception technique innovante. Nos produits, conjointement avec un service de qualité, sont conçus pour répondre aux besoins spécifiques du client, favoriser un mode de vie sain et réaliser des espaces confortables, créatives et durables. Dans ce but, nous avons développé une large gamme de décoratifs pour l'intérieur, peintures minérales à la chaux et silicates, peintures silanes-siloxanes et systèmes d'isolation

Начиная с 1969 года, компания Colorificio MP, основывает свою деятельность на исследованиях и разработке красок, обращая особое внимание на качество продукции в соответствии с рыночным спросом. Наше предложение направлено на развитие творческого, устойчивого, комфортного и здорового образа жизни. Для достижения этой цели мы создали широкий ассортимент роскошных декоративно-отделочных материалов: минеральные известковые и силикатные краски и штукатурки, краски и защитные покрытия на основе силоксана, системы наружной теплоизоляции (ETICS), штукатурки и растворы для восстановления

restauro conservativo, valutando antichi saperi e tradizioni per offrire proposte e soluzioni ad architetti e progettisti volti ad un design innovativo e creativo, ma attenti alle culture e tradizioni del passato.

Le tonalità qui riprodotte debbono considerarsi, per ovvi motivi tecnici, indicative. MP consiglia una verifica del colore scelto tramite un campione dal vivo.

For obvious technical reasons, the colours shown here must be considered to be purely indicative. MP recommends sample trials with the colour chosen.

Die hier reproduzierten Farbtöne müssen aus offensichtlichen technischen Gründen als nur annähernd angesehen werden. MP empfiehlt eine Überprüfung der gewählten Farbe anhand eines Testfeldes.

Pour des motifs techniques évidents, les tonalités reproduites sur ces pages doivent être considérées comme indicatives. MP conseille de faire un essai pour vérifier la couleur choisie.

Zbog tehničkih razloga, prezentirani tonaliteti boja smatraju se oglednima. Mp savjetuje da probate izabranu boju neposredno na maloj površini.

В связи с очевидными техническими ограничениями воспроизведенные здесь тона должны считаться приблизительными. Компания MP рекомендует проверить выбранный цвет используя "живую" пробу.
